All Summit Salon Academy – Gainesville students and staff are responsible for complying with policies, standards, rules, and requirements for academic and social behavior. Additionally, you should also be aware that the State of Florida Legislature enacted an anti-hazing law in 2005 (www.myfloridahouse.gov/Sections/Bills/billsdetail.aspx?BillId=15706&SessionId=38), the Chad Meredith Act, which provides the following definition of hazing:

Hazing means any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for purposes, including, but not limited to, the purpose of initiation or admission into or affiliation with any organization operating under the sanction of a postsecondary institution.

What is Hazing

Penalties for Hazing

In the State of Florida, hazing is a criminal offense:

"A person commits hazing, a third-degree felony, when he or she intentionally or recklessly commits any act of hazing upon another person who is a member of or an applicant to any type of student organization and the hazing results in serious bodily injury or death of such other person."

Drug and Alcohol Prevention Program

Based on the Drug Free Schools and Communities Act Amendments of 1989 (Public Law 101-226), and to express this Institute's commitment to prevent drugs and alcohol abuse in the school environment, Summit Salon Academy - Gainesville has adopted the following Drug and Alcohol Abuse Prevention Policy, which applies to all students and employees.

It is the policy of Summit Salon Academy - Gainesville to prohibit the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in or on any property owned or controlled by the Academy. We are committed to providing a campus environment free of alcohol abuse and illegal use of alcohol and drugs. To strengthen that commitment, the Academy has adopted and implemented a program that seeks to prevent the abuse of alcohol and drugs, which includes its employees and students.

The policy contains the following sections: Standards of Conduct; Institutional Sanctions; Applicable Legal Sanctions; Health Risks Associated with the Use of Illicit Drugs and the Abuse of Alcohol; Available Drugs and Alcohol Counseling, Treatment, and Rehabilitation; Federal Drug Workplace Act Requirements; and Review.

Violators may be consistent with local, state, and federal criminal laws. Disciplinary action taken against a student or employee of Summit Salon Academy - Gainesville does not preclude the possibility of criminal charges being filed against that individual. Health Risks

Specific serious health risks are associated with the use of alcohol and illicit drugs. Some of the major risks are listed below.

Alcohol and Other Depressants (barbiturates, sedatives, and tranquilizers)

Addiction, accidents as a result of impaired ability and judgment, alcohol poisoning, overdose when used with other depressants, damage to a developing fetus, heart and liver damage.

Marijuana

Impair short-term memory, thinking, and physical coordination. Can cause panic reaction and increase the risk of lung cancer and emphysema. Can interfere with judgment, attention span, concentration, and overall intellectual performance. Impairs driving ability. May cause psychological dependence and compromise the immune system.

Cocaine

Addiction, cardiovascular system damage including heart attack, brain damage, seizures, lung damage, severe depression, paranoia, psychosis. Similar risks are associated with other stimulants, such as speed and uppers.

Nicotine, which is a central nervous system stimulant, produces an increase in heart and respiration rates, blood pressure, adrenaline production and metabolism. People can rapidly become physically and psychologically dependent on tobacco. Compromises the immune system.

Inhalants

Inhalants are a diverse group of chemicals that easily evaporate and can cause intoxication when their vapors are inhaled. Most inhalants are central nervous system depressants. Use of these drugs slows down many body functions. High doses can cause severe breathing failure and sudden death. Chronic abuse of some of these chemicals can lead to irreversible liver damage and other health problems.

Treatment Options

Below is information on effective treatment approaches for drug abuse and addiction. If you're seeking treatment, you can call the Substance Abuse and Mental Health Services Administration's (SAMHSA's) National Helpline at 1-800-662-HELP (1-800-662-4357) or go to www.findtreatment.samhsa.gov for information on hotlines, counseling services, or treatment options in the state of Florida.

How is drug addiction treated?

Successful treatment has several steps:

- detoxification (the process by which the body rids itself of a drug)
- behavioral counseling
- medication (for opioid, tobacco, or alcohol addiction)
- evaluation and treatment for co-occurring mental health issues such as depression and anxiety
- long-term follow-up to prevent relapse

A range of care with a tailored treatment program and follow-up options can be crucial to success. Treatment should include both medical and mental health services as needed. Follow-up care may include community- or family-based recovery support systems.

How are medications used in drug addiction treatment?

Medications can be used to manage withdrawal symptoms, prevent relapse, and treat co-occurring conditions.

Withdrawal

Medications help suppress withdrawal symptoms during detoxification. Detoxification is not in itself "treatment," but only the first step in the process. Patients who do not receive any further treatment after detoxification usually resume their drug use. One study of treatment facilities found that medications were used in almost 80 percent of detoxifications (SAMHSA, 2014).

Relapse prevention

Patients can use medications to help re-establish normal brain function and decrease cravings. Medications are available for treatment of opioid (heroin, prescription pain relievers), tobacco (nicotine), and alcohol addiction. Scientists are developing other medications to treat stimulant (cocaine, methamphetamine) and cannabis (marijuana) addiction. People who use more than one drug, which is very common, need treatment for all of the substances they use.

- **Opioids:** Methadone (Dolophine[®], Methadose[®]), buprenorphine (Suboxone[®], Subutex[®], Probuphine[®]), and naltrexone (Vivitrol[®]) are used to treat opioid addiction. Acting on the same targets in the brain as heroin and morphine, methadone and buprenorphine suppress withdrawal symptoms and relieve cravings. Naltrexone blocks the effects of opioids at their receptor sites in the brain and should be used only in patients who have already been detoxified. All medications help patients reduce drug seeking and related criminal behavior and help them become more open to behavioral treatments.
- **Tobacco:** Nicotine replacement therapies have several forms, including the patch, spray, gum, and lozenges. These products are available over the counter. The U.S. Food and Drug Administration (FDA) has approved two prescription medications for nicotine addiction: bupropion (Zyban[®]) and varenicline (Chantix[®]). They work differently in the brain, but both help prevent relapse in people trying to quit. The medications are more effective when combined with behavioral treatments, such as group and individual therapy as well as telephone quitlines.
- **Alcohol:** Three medications have been FDA-approved for treating alcohol addiction and a fourth, topiramate, has shown promise in clinical trials (large-scale studies with people). The three approved medications are as follows:
 - Naltrexone blocks opioid receptors that are involved in the rewarding effects of drinking and in the craving for alcohol. It reduces relapse to heavy drinking and is highly effective in some patients. Genetic differences may affect how well the drug works in certain patients.
 - Acamprosate (Campral[®]) may reduce symptoms of long-lasting withdrawal, such as insomnia, anxiety, restlessness, and dysphoria (generally feeling unwell or unhappy). It may be more effective in patients with severe addiction.
 - Disulfiram (Antabuse[®]) interferes with the breakdown of alcohol. Acetaldehyde builds up in the body, leading to unpleasant reactions that include flushing (warmth and redness in the face), nausea, and irregular heartbeat if the patient drinks alcohol. Compliance (taking the drug as prescribed) can be a problem, but it may help patients who are highly motivated to quit drinking.
- **Co-occurring conditions:** Other medications are available to treat possible mental health conditions, such as depression or anxiety, that may be contributing to the person's addiction.

How are behavioral therapies used to treat drug addiction?

Behavioral therapies help patients:

- modify their attitudes and behaviors related to drug use
- increase healthy life skills
- persist with other forms of treatment, such as medication

Patients can receive treatment in many different settings with various approaches.

Outpatient behavioral treatment includes a wide variety of programs for patients who visit a behavioral health counselor on a regular schedule. Most of the programs involve individual or group drug counseling, or both. These programs typically offer forms of behavioral therapy such as:

- cognitive-behavioral therapy, which helps patients recognize, avoid, and cope with the situations in which they are most likely to use drugs
- multidimensional family therapy—developed for adolescents with drug abuse problems as well as their families—which addresses a range of influences on their drug abuse patterns and is designed to improve overall family functioning
- motivational interviewing, which makes the most of people's readiness to change their behavior and enter treatment
- motivational incentives (contingency management), which uses positive reinforcement to encourage abstinence from drugs

Treatment is sometimes intensive at first, where patients attend multiple outpatient sessions each week. After completing intensive treatment, patients transition to regular outpatient treatment, which meets less often and for fewer hours per week to help sustain their recovery.

Inpatient or residential treatment can also be very effective, especially for those with more severe problems (including co-occurring disorders). Licensed residential treatment facilities offer 24-hour structured and intensive care, including safe housing and medical attention. Residential treatment facilities may use a variety of therapeutic approaches, and they are generally aimed at helping the patient live a drug-free, crime-free lifestyle after treatment. Examples of residential treatment settings include:

- Therapeutic communities, which are highly structured programs in which patients remain at a residence, typically for 6 to 12 months. The entire community, including treatment staff and those in recovery, act as key agents of change, influencing the patient's attitudes, understanding, and behaviors associated with drug use. Read more about therapeutic communities in the Therapeutic Communities Research Report at <https://www.drugabuse.gov/publications/research-reports/therapeutic-communities>.
- Shorter-term residential treatment, which typically focuses on detoxification as well as providing initial intensive counseling and preparation for treatment in a community-based setting.
- Recovery housing, which provides supervised, short-term housing for patients, often following other types of inpatient or residential treatment. Recovery housing can help people make the transition to an independent life—for example, helping them learn how to manage finances or seek employment, as well as connecting them to support services in the community.

Satisfactory Academic Progress

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Evaluation Periods

Cosmetology 1200	450 and 900 actual hours
Cosmetology 1500	450, 900, and 1200 actual hours
Full Specialist	300 actual hours
Skin Care Specialist	155 actual hours

*Transfer Students SAP is evaluated at the midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

Attendance Progress Evaluations

Students are required to attend a minimum of 85% of the hours possible based on the applicable attendance schedule to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each financial aid payment period for the program the student is attending to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 85% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time-Frame

The maximum time (which does not exceed 118% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

Cosmetology 1200 Hours	1416 hours
Cosmetology 1500 Hours	1770 hours
Full Specialist (Skin & Nail Care)	708 hours
Skin Care Specialist	366 hours

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 85% of the scheduled contracted hours. Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

Academic Progress Evaluations

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 85% or higher rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 85% and a minimum of 85% in attendance to be considered a graduate. Students must make up missed Exams and incomplete assignments. Students have the option to retake a failed exam in efforts to improve a failing accumulative GPA. The Average of the exams is then entered as the students' final grade in the subject area. makeup exams must be taken on the student's own time. Numerical grades are considered according to the following scale:

The grading scale for all academic work is as follows:

100 - 94%	Honor roll
93 - 89%	Above Average
88 - 85%	Average
84% and below	Unsatisfactory

Determination of Progress Status

Students meeting the minimum requirements for academics (85%) and attendance (85%) at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Re-Establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period at the next scheduled evaluation.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeals may be granted for students due to injury, illness, death of a relative or strong mitigating circumstance. The Academy will notify the student of the results of the appeal as soon as possible, but no later than 5 business days following the decision of an appeal. The appeal and decision

documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable. If the student's appeal is denied the student is placed on Probation and all Title IV Finance Aid will be terminated.

Noncredit, Remedial Courses, Repetitions

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Apply for Financial Aid

Easy as 1, 2, 3

Before Beginning a FAFSA

1

- Gather the documents you'll need.
 - To complete the Free Application for Federal Student Aid (FAFSA), you will need:
 - Your Social Security Number
 - Your Alien Registration Number (if you are not a U.S. citizen)
 - Your most recent federal income tax returns, W-2s, and other records of money earned. (**Note:** You may be able to transfer your federal tax return information into your FAFSA using the IRS Data Retrieval Tool.)
 - Bank statements and records of investments (if applicable)
 - Records of untaxed income (if applicable)
 - An FSA ID to sign electronically.

If you are a dependent student, then you will also need most of the above information for your parent(s).

- Create your FSA ID. It is recommended that you create your FSA ID before you begin to fill out the FAFSA application, this can be done at <http://fsaid.ed.gov>. This is your electronic signature for federal student aid and gives you online access to your U.S. Department of Education records. If you are a dependent student, your parents must also apply for an FSA ID. Only the owner of the FSA ID should create and use the account. Never share your FSA ID. You may request a duplicate FSA ID or change your FSA on the FAFSA website. If you have a Federal Student Aid PIN, you will be able to enter it and link it to your FSA ID. You can still create an FSA ID if you have forgotten or do not have a PIN. Your FSA ID will need to be renewed every 18 months. Students whose last names have changed need to make sure their last name is correct with the Social Security Administration.

Filling Out a FAFSA

2

- Complete a FAFSA as soon as possible after Oct. 1 each year, regardless of the date you plan to begin school, this can be done at <http://fafsa.ed.gov>.
- If you cannot complete a FAFSA online, call the Federal Student Aid Information Center at 800-433-3243 to request a paper copy or contact the schools Financial Aid Office
- Make sure you choose Summit Salon Academy - Gainesville's school code: **041631**.
- To help eliminate delays, file your tax return early and use the **IRS Data Retrieval Tool** to import income information. In certain circumstances, the FAFSA allows a student and/or parent to use information directly from the IRS to complete the financial portion. Summit Salon Academy - Gainesville highly recommends this option, if available, as it can speed up the application process. IRS tax information is usually available two weeks after filing electronically or six to eight weeks if the tax return was mailed.

- If you provide all required information and required signatures, your FAFSA will be processed and a Student Aid Report (SAR) will be sent to you and the colleges you have listed. Your SAR summarizes the data reported on your FAFSA.
- Three to five business days after you submit the FAFSA, go back to the FAFSA website to review your Student Aid Report for accuracy. Follow the directions on the SAR to submit any needed corrections.
- You do not need to send a copy of your SAR to Summit Salon Academy - Gainesville.
- Check your financial aid status by contacting Summit Salon Academy – Gainesville’s Financial Aid Office to determine what items you may need to complete for your individual financial situation.

Types of Financial Aid

The amounts and types of financial aid you receive are determined through federal, state and institutional guidelines. Most federal financial aid is based on financial need.

Grants

Are awarded through federal, state and institutional sources and are based on financial need. Grants are regarded as "gift" aid and do not need to be repaid.

Scholarships

Are provided through various organizations and corporations, private donors, and sometimes the school itself. Scholarships are regarded as "gift" aid and do not need to be repaid.

Loans

Are offered at low interest rates and can be repaid over an extended period of time. The Financial Aid Office will verify your eligibility based on the information you provide on your Free Application for Federal Student Aid (FAFSA), the first step in applying for any financial aid.

Veterans Benefits

If you served on Active Duty, you might be eligible for education benefits offered by the Department of Veterans Affairs. For example, the Post-9/11 GI Bill provides financial support for educational and housing expenses to individuals with at least 90 days of aggregate service after September 10, 2001, or individuals discharged with a service-connected disability after 30 days. You must have received an honorable discharge to be eligible for the Post-9/11 GI Bill. If you are currently serving in the military, you may be eligible for funding offered through the Department of Defense Tuition Assistance program. Check your eligibility status and the amount for which you qualify with your Service prior to enrolling. If you are the spouse or child of a service member who is serving on active duty Title 10 orders in the paygrades of E1-E5, O1-O2, or W1-W2, you may be eligible for financial assistance from the Department of Defense for education, training, and/or the occupational license and credentials necessary for a portable career. If you are the spouse of child of a service member, you may be eligible for transfer of the service member's Post-9/11 GI Bill benefits to you.

Eligibility

Your financial need determines your eligibility for financial aid. Generally, to qualify for federal, state, and/or institutional assistance, you must:

- Have a high school diploma or General Education Development (GED) certificate
- Have a valid Social Security Number
- Demonstrate financial need based on the results of the FAFSA
- Confirm eligibility if you have been convicted of possessing or selling illegal drugs by submitting Student Aid Eligibility Worksheet in your FAFSA application
- Be enrolled in and attending classes. Most financial aid programs require at least half-time enrollment
- Be attending a financial aid eligible certificate program
- Register with Selective Service if required at <http://www.sss.gov>
- Maintain Satisfactory Academic Progress in your course of study
- Document any Unusual Enrollment History
- Not be in default on any state or federal grant or loan received at any institution
- Be a citizen or permanent resident of the United States or trust territories
- Certify that you will use federal student aid only for educational purposes

Calculating Your Award

Federal financial aid is based on financial need. Using the data collected on the FAFSA, financial need is calculated as follows:

$$\text{Cost of Attendance} - \text{Expected Family Contribution} = \text{Financial Need}$$

Cost of Attendance

The Cost of Attendance is not the balance that you owe the school: it is a calculation of expected expenses during the time you are enrolled in school. It includes allowances for tuition and fees, room and board, books and supplies, transportation and other personal expenses.

Expected Family Contribution

The Expected Family Contribution (EFC) is a measure of a student's and his or her family's financial strength and resources that should be available to help pay for the student's education. The EFC is calculated from the information you report on the FAFSA and a formula established by law. Your family's income and assets are considered in determining your EFC. Your EFC will appear on the Student Aid Report (SAR) you receive after you complete the FAFSA. This is not the amount you will be billed by Summit Salon Academy - Gainesville.

Awarding

Federal, state and private grants and scholarships are awarded first. All funding resources are included as part of a student's financial aid package, including federal and state grants, scholarships, certain Veterans benefits, loans, and any other educational benefits paid to cover expenses because of enrollment. Federal Direct Stafford Loans are awarded next. If it is determined that you do not have financial need, you can still apply for an unsubsidized Federal Stafford Loan or scholarships based on merit. In addition, parents can apply for a Federal Direct Parent PLUS loans. If you receive scholarship or other funds that are not listed on your financial aid awards, you must notify the Financial Aid Office. Reporting this information early will help prevent changes in eligibility that can result in reductions of other financial aid.

If a reduction of financial aid is required, loans are reduced first, followed by forms of free financial assistance. In some cases, Florida Prepaid funds are reduced to allow for specific scholarship funds.

The Federal Student Aid website <http://studentaid.ed.gov> offers an overview of the financial aid process. If you want an estimate of your financial aid award, use the [FAFSA4caster](#).

Verification

The Department of Education has regulations to ensure that only eligible students receive financial aid. Verification is the process used to confirm the data you provided on the FAFSA. It is to your benefit to submit all requested items as quickly as possible since your financial aid file cannot be reviewed or completed until verification is complete. If there are any differences found between information reported on the FAFSA and the actual figures provided in the verification documents, Summit Salon Academy – Gainesville will submit the corrections on your behalf. Your financial aid award will be based on the corrected information.

Your financial aid file may have been selected for verification randomly by the federal processor, or because your file appears to have errors or conflicting information. If your file is selected, requested documentation should be submitted as soon as possible to avoid delays in processing your financial aid.

If you are a dependent student and both biological and/or adoptive parents reside in the same household, you will need to provide both parents' information regardless of their marital status or gender.

If you are an independent student and your marital status on the date the FAFSA was completed was "married," you will need to provide your spouse's information regardless of gender.

A student/parent is considered "married" if the student/parent was legally married in any domestic or foreign jurisdiction that recognizes that relationship as a legal marriage, regardless of where the couple resides. This determination applies to same sex or opposite sex couples. This determination does not apply to domestic partnership, civil unions, or similar formal relationships recognized under state law.

What Documents Do I Need to Submit?

If your Student Aid Report (SAR) has been selected for Verification, Summit Salon Academy - Gainesville will send a written request for documentation by e-mail or contact you by phone to schedule an in-person appointment. Not all applicants will be asked to submit the same documents. You may be asked to provide different documents than you have submitted in previous years.

Verification documents may include IRS Tax Transcripts, a completed Verification Worksheet, or other documents. In some circumstances, you may go back to your FAFSA application and use the IRS Data Retrieval Tool to download your income information. If you are unable to use the IRS Data Retrieval Tool, submit an IRS Tax Return Transcript. You may no longer submit copies of tax returns (IRS 1040, 1040A or 1040EZ). If you filed an income tax return with Puerto Rico, another U.S. territory, commonwealth, or with a foreign central government, provide a transcript that was obtained at no cost from the relevant taxing authority, or if this cannot be obtained at no cost, then provide a *signed* copy of that tax return.

How Do I Submit the Requested Documents?

Please submit all documents with your Student Name and telephone number written clearly at the top of each page. Do not submit original documents unless you are told to do so. Make copies

Receiving Funds

Students will begin receiving their financial aid refunds at the end of the fifth week of classes (approximately 30 days after the student's classes start). The remaining financial aid refunds will be based on hours and weeks completed in the program. For Cosmetology students, their remaining refunds will be at 450 hours, 900 hours, and 1050 hours. For Full Specialist students, they will only have one remaining refund at 300 hours. It is the student's responsibility to understand the attendance policies of the program they are enrolled in.

Tuition and Fees

Summit Salon Academy - Gainesville deducts tuition and fees from your financial aid award directly. If your award is less than the cost of tuition and fees, you must pay the difference through scheduled monthly payments by setting up a payment plan with the Financial Aid Office.

Books and Kit Fees

Summit Salon Academy - Gainesville deducts Books and Kit Fees from your financial aid award directly. These fees will be charged and deducted from your financial aid throughout the program on a proration of each payment period.

Disbursements

Disbursements occur when Summit Salon Academy - Gainesville receives federal, state, or other funds on your behalf. These funds are applied to your student account to cover your tuition, fees, books and kit charges.

Loan Disbursements

All loans are disbursed in two payments, even if the loan is for one payment period.

Cosmetology 1200 Program

In your first academic year (first 900 hours), you will receive one half of the loan after you have successfully completed 30 calendar days in attendance at the academy. You will only receive the second half of the loan after you have successfully completed 450 hours of your program. In your second academic year (901 – 1200 Hours), you will receive two payments within that term, the first after completion of 900 hours and the second at the halfway point of the term which is 1050 hours.

Full Specialist Program

You will receive one half of the loan after you have successfully completed 30 calendar days in attendance at the academy. You will only receive the second half of the loan after you have successfully completed 300 hours of your program.

Refunds

Refunds occur when the amount of the disbursements received on your behalf is greater than the amount owed for tuition, fees, books and kit costs. Financial aid refunds begin at the end of the fifth week of classes (approximately 30 days).

Example Student Refund Calculation

Actual amounts will vary

Aid Received: Period of Enrollment		Charges: Period of Enrollment	
Financial Aid Disbursed		Charges	
Federal Pell Grant:	\$2908.00	Tuition:	\$4967.00
Federal Direct Subsidized Loan:	\$1732.00	Books and Kit:	\$1590.00
Federal Direct Unsubsidized Loan:	\$2968.00	Total Amount Due to School:	\$6557.00
Total Financial Aid:	\$7608.00	Refund to student:	\$1051.00

Amounts paid more than the amount owed for tuition, fees, books and kit fees will be refunded to the student or the parent (if the refund is from a Federal Direct Parent PLUS Loan and the parent has indicated to send all refunds to them) in the form of a paper check.

Withdrawals

Official withdrawal

Students who wish to withdraw completely from Summit Salon Academy - Gainesville must contact and schedule a meeting with the school's President to complete the necessary withdraw papers.

Unofficial withdrawal

If a student stops attending classes with no notification given to the school, after five scheduled class days of no attendance the student is considered unofficially withdrawn.

Return to Title IV (R2T4)

If a student officially or unofficially withdraws from their course the student will be required to repay all or part of the financial assistance disbursed in that payment period.

The Return of Title IV (R2T4) calculation is determined by the number of days that a student attended classes during the payment period. If a student attends less than 60% of the payment period, the student will need to repay a portion of their financial assistance. For students who officially withdraw, the calculation will be made within 30 days of the withdrawal date. For students who unofficially withdraw, the calculation will be made within 30 days of the date that the school determined the student to be withdrawn.

*Once a student has completed more than 60% of the payment period, the student will not incur repayment of financial aid funds; however, future financial aid could be affected due to not meeting Satisfactory Academic Progress.

Summit Salon Academy - Gainesville's institutional refund policy is separate from the federal requirement to return funds when a student withdraws. The amount returned is not dependent on if the student received a refund or how much the refund was.

Funds that are required to be returned on behalf of the student will be sent within 45 days of the withdrawal date. Federal regulations require Title IV aid to be refunded in the following order:

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Federal PLUS Loan
4. Federal Pell Grant
5. Federal Supplemental Education Opportunity Grant

The student (or parents for a PLUS loan) must return any loan funds in accordance with the terms of their promissory note(s). That is, the student makes scheduled payments to the holder of the loan over a period of time.

For grants, the law requires the student return 50% of any grant funds they receive. Any amount the student is required to return is a grant overpayment. Summit Salon Academy - Gainesville will repay any grant overpayment to the applicable federal program on the student's behalf.

Summit Salon Academy - Gainesville will notify the student when a calculation is performed. The student will be billed for any outstanding obligations.

Grant Availability

Federal Pell Grant (Pell)

The Federal Pell Grant is based on financial need and does not need to be repaid. Pell Grants are considered a foundation of federal financial aid, to which aid from other federal and non-federal sources might be added.

Federal Pell Grants usually are awarded only to undergraduate students who have not earned a bachelor's or a professional degree. (In some cases, however, a student enrolled in a post baccalaureate teacher certification program might receive a Federal Pell Grant.) You are not eligible to receive a Federal Pell Grant if you are incarcerated in a federal or state penal institution or are subject to an involuntary civil commitment upon completion of a period of incarceration for a forcible or nonforcible sexual offense.

A Federal Pell Grant, unlike a loan, does not have to be repaid, except under certain circumstances.

Lifetime Eligibility Used

You can only receive Federal Pell Grant funding for the equivalent of 6 full-time academic years, starting from the first time you received Federal Pell Grant funding. If you have already received the equivalent of or exceeded the 6 full-time academic years' limit, you will no longer be able to receive Pell Grant funds. You may view your current Pell Grant payments at <http://nslds.ed.gov>.

There are no appeals or exceptions to the 6 full-time academic years Pell Grant rule.

Eligibility

To be eligible for a Federal Pell Grant, you must meet these requirements each academic year:

- Complete a FAFSA application.
- Be a U.S. Citizen or an eligible non-citizen.
- Be enrolled in a financial assistance eligible certificate program.
- Have a **Pell-eligible** Expected Family Contribution (EFC), as determined by the FAFSA.
- Have not have previously received a bachelor's degree.
- Must not owe a repayment or be in default under any state or federal grant or loan program.

The Financial Aid Office will verify your eligibility based on the information submitted on your FAFSA.

Scholarships

Scholarships can reward you for academic excellence, talent and achievement in a variety of areas, such as the arts or athletics. Best of all, they don't need to be repaid.

Criteria, amounts and application processes for scholarships vary depending on the scholarship. Each scholarship requires its own application separate from the FAFSA and may require an essay and/or letters of recommendation. You are encouraged to research and apply for all scholarships you may qualify for. We recommend you complete the FAFSA, as the individual donor determines if a scholarship is need-based.

Colleges must include all funding resources, including scholarships, as part of a student's financial aid package. If you receive funds that are not listed on your financial aid awards, you must notify the Financial Aid Office.

Loans

You may qualify for student loans. They are a serious financial obligation and must be repaid. Be sure to look for other forms of financial aid that don't have to be paid back, like grants or scholarships first.

Summit Salon Academy - Gainesville encourages you to review all information about loans before deciding to borrow and to borrow only what you need.

Loan Availability

Federal Direct Stafford Loans

Federal Direct Stafford Loans, from the William D. Ford Federal Direct Loan Program, are low-interest loans for eligible students to help cover the cost of higher education.

Federal Direct Subsidized Stafford Loans

Federal Direct Subsidized Stafford Loans are offered to students with financial need.

- You are not charged interest while you're in school at least half-time, during grace periods, or deferment periods
- If you receive a Federal Direct Subsidized Stafford Loan that is first disbursed between July 1, 2012 and July 1, 2014, you will be responsible for paying any interest that accrues during your grace period
- If you choose not to pay the interest that accrues during your grace period, the interest will be added to your principal balance

Federal Direct Unsubsidized Stafford Loans

Federal Direct Unsubsidized Stafford Loans are NOT based on financial need.

- Interest is charged from the time the loan is disbursed until it is paid in full

- You can pay the interest while you are in school and during grace periods and deferment or forbearance periods, or you can allow it to accrue and be capitalized (added to the principal amount of your loan)
- If you choose not to pay the interest as it accrues, this will increase the total amount you must repay because you will be charged interest on a higher principal amount

Loan eligibility is determined by completing the FAFSA. Loan limits are determined by grade level and prior borrowed amounts. There is a small loan fee charged prior to funds being received at Summit Salon Academy - Gainesville. Interest is charged on Stafford loans.

Before your loan money is disbursed, you may cancel all or part of your loan at any time. After your loan is disbursed, you may cancel all or part of the loan within 14 days of receiving the loan.

Federal Direct PLUS Loan

Private Loans

A private loan is a last resort and is not recommended. Be sure all other federal loan options have been exhausted before taking out a private loan for school.

Summit Salon Academy - Gainesville requires that U.S. Citizens and/or permanent residents first complete a FAFSA and apply for a Federal Direct Stafford Loan before applying for private loans. Federal Direct Stafford Loans have lower interest rates and offer borrowers better benefits than private loans.

Students are urged to speak with a Financial Assistance Counselor for guidance when considering their loan options.

Private student loans are not guaranteed by the federal government, require a credit check and often a co-signer. Loan terms and conditions vary significantly by lender. Carefully consider your financial needs and then select the loan product that best meets both your individual situation and your financial need.

When researching private loans, you should pay close attention to the borrower benefits, fees, interest rates and repayment options. To calculate the interest, lenders typically use the LIBOR Rate average, Prime Rate, or the 91-Day T-bill.

Reasons to consider a private loan

Private student loans provide a choice when circumstances necessitate one. Consider a private student loan if:

- You have reached your Federal Direct Stafford Loan borrowing limit.
- You have expenses that your financial assistance does not cover.
- You have a balance due from a previous term.

National Student Loan Data System (NSLDS)

With your FSA ID, you can access NSLDS, a national database that contains your financial aid grant and loan history from any school, including Summit Salon Academy - Gainesville. This includes grants, federal Stafford and PLUS loans, whether borrowed directly from the Federal government or a private lender. Private loans are not listed on NSLDS. NSLDS is accessible by guaranty agencies, lenders, and institutions determined to be authorized users of the data system.

Consolidation

The Federal Direct Consolidation Loan Program allows you to combine one or more certain federal student loans and to make one monthly payment to the federal government. There is no charge for consolidation, and repayment plans are offered. The interest rate is fixed for the life of the loan and cannot exceed 8.25 percent.

Pros and cons of loan consolidation

PROS

- Locks in the interest rate
- Allows the borrower to combine loans from multiple lenders into a single repayment schedule (i.e., one monthly payment)
- Allows the borrower a longer repayment period, which will reduce the amount of the borrower's monthly payment
- Allows a borrower to clear an over-award of Stafford loans or clear a defaulted student loan

CONS

- Locks in the interest rate, for older Stafford loans that have a variable interest rate
- May increase the total cost of the borrower's loan, the longer the repayment, the more interest you will pay
- Borrower may have to forfeit all or a portion of the grace period
- Borrower may lose certain borrower benefits related to their current loans
- Certain deferments may be lost; however, borrowers retain their ability to request most major deferments
- Borrowers who consolidate Perkins Loans lose the deferment subsidy and cancellation eligibility options related to Perkins loans

Loans that can be consolidated

Federal Direct Loans and Federal Family Education Loan(s) that are eligible for loan consolidation include:

- Stafford
- PLUS
- SLS
- Previous Consolidation Loans
- Perkins Loans
- Health Professional Student Loans
- Nursing Student Loans
- Health Education Assistance Loans (HEAL)
- Federally Insured Student Loans (FISL)

*Alternative loans are not eligible to be included in a Federal Consolidation Loan

Loan deferment and forbearance

If you have trouble making your education loan payments, you may qualify for a deferment (a temporary suspension of loan payments for specific situations such as reenrollment in school, unemployment or economic hardship) or a forbearance (a temporary postponement or reduction of payments for a period of time because you are experiencing financial difficulty).

These periods do not count toward the length of time you have to repay your loan. You cannot get a deferment or forbearance for a loan that is already in default. You must continue making payments on your student loan until you have been notified that a deferment or forbearance has been granted.

To request a deferment or forbearance, contact your individual Federal Loan Servicer. Login to Federal Student Aid to find your Federal Loan Servicer.

Deferment

A deferment is a period of time during which no payments are required and interest continues to accrue on the unsubsidized portion. Interest does not accrue on the subsidized portion. PLUS borrowers may defer repayment while the student is enrolled at least half-time. To qualify for a deferment, you must meet at least one of the eligibility requirements listed below, with certain conditions:

- Be enrolled at least half-time at a postsecondary school
- Study in an approved graduate fellowship program or in an approved rehabilitation training program for the disabled
- Be unable to find full-time employment (up to 3 years)
- Face an economic hardship including Peace Corps Service (up to 3 years)
- Be on Active Military Duty - If a borrower is called to active duty during a war, other military operation or national emergency and if the borrower was serving on or after Oct. 1, 2007, the borrower qualifies for an additional 180-day period following the demobilization date for the qualifying service.

Forbearance

If you temporarily cannot meet your repayment schedule, but you are not eligible for a deferment, your lender might grant you forbearance for a limited and specific period of time. Interest continues to accrue and you are responsible to pay it. Generally, your lender can grant forbearance for periods up to 12 months at a time, for a maximum of three years. You will need to provide documentation to the lender to show why you should be granted forbearance. The lender must send you a notice confirming the terms that were agreed to and record them in your file. Receiving a forbearance is not automatic: you must apply for it.

Loan default

Default is a serious consequence for not repaying your loans. It will occur if you fail to make a payment for 270 days. The school, lender, or agency that holds your loan may all take action to recover the money.

Not paying back your student loans can have serious consequences including:

- The lender can require that you repay the entire amount immediately, including all interest, collections, and late payment charges.
- The lender can sue you and can ask the federal government for help in collecting from you.
- The lender can garnish your wages.
- The Internal Revenue Service may withhold your income tax refund and apply it toward your loan repayment.
- You cannot get any additional federal student aid until you make satisfactory arrangements to repay your loan.

- The lender may notify credit bureaus of your default. This may affect your credit rating, which will make it difficult to obtain credit cards, car and/or home loans in the future.

There are several options for repaying your loans if you suffer a financial hardship or other circumstances. In many cases, default can be avoided by submitting a request for a deferment, forbearance, discharge, or cancellation and by providing the required documentation.

Personal Services

Personal services will be awarded to you each month that you maintain 85% grades and attendance have no tardiness in the previous month and have no unexcused absences.

Fellow students will perform your services. Students may only perform those services they have been trained to do. The services must be done all at one time and approved by a salon area educator. Your voucher must be present to redeem for services. All vouchers are based on the prior month. Example: September = no tardiness, no unexcused, 85% grades, 85% attendance. \$40 will be given to you to be used in the month October. The front desk support staff will schedule your service. Personal services may not be scheduled on Friday or Saturday.

Your student service provider will fill out a service ticket, have it signed and services checked by an educator. You are the guest while receiving the services; therefore, your student service provider will receive grades throughout the process. You may select any services a student can perform. If the services exceed the \$40, you pay one-half of the remaining balance. The services must be completed in the time allotted for that student's level.

If you would like additional services, you may have them done at a time when not scheduled to be clocked in and will pay half price.

Services are not transferrable from month to month, to another student or other persons. The services are null and void if you take a leave of absence, drop from the program. Graduates have the remainder of the graduating month to use any outstanding personal service voucher awarded.
